

## WHICH VEGETABLES?

---

A weekly share may consist of a selection of the following vegetables, depending on weather and time-of-year:

|          |          |               |
|----------|----------|---------------|
| Rhubarb  | Radish   | Spring onions |
| Spinach  | Lettuce  | Mesclun mix   |
| Bok choy | Peas     | Beets         |
| Beans    | Herbs    | Snow peas     |
| Broccoli | Cabbage  | Swiss chard   |
| Squash   | Tomatoes | Cauliflower   |
| Onions   | Potatoes | Cucumber      |
| Carrots  | Zucchini | Pumpkin       |
| Kohlrabi | Kale     | Leeks         |

Each year we experiment with growing new vegetables. If experimental crops grow well in our soil you may occasionally be surprised with vegetables not on this list!

## HOW TO JOIN

---

Subscriptions are filled on a first-come basis – so don't wait! Please phone us to check we have subscriptions available and then fill out the subscription form and send it to us along with your subscription payment. We will then contact you to remind you of the first pick-up date for your vegetables.

## OTHER PRODUCTS

---

### CSA VEGETABLE BOX SUBSCRIPTION

---

*Want fresh  
Algoma-grown  
certified organic  
vegetables  
each week?*

Become a member of our CSA group and obtain a box of vegetables **grown in Sault Ste Marie**, produced **organically**, each week.

## WHAT IS A CSA VEGETABLE BOX PROGRAM?

CSA stands for Community-Supported Agriculture. A CSA is a partnership between the grower (that's us at Pearce Farm!) and the consumer (that's you!). By subscribing to our program you support our family farm and you are guaranteed a portion of our vegetable harvest each week.

At Pearce Farm we are proud to grow vegetables that are healthy to eat, using farming methods that are not harmful to the environment. We are certified organic.

We guarantee:

- CERTIFIED ORGANIC BY ECOCERT
- NO PESTICIDES USED
- NO HERBICIDES USED
- NO GMO SEED USED
- ALWAYS PICKED FRESH
- PRODUCED ON OUR FAMILY FARM

## HOW DOES IT WORK?

Become a member of our CSA and each week you will obtain a box of vegetables that are in season. You will receive vegetables for 16 weeks between June and October.

The choice of vegetables will depend on what is ready on harvest day. Early in the growing season, you may receive fewer vegetables and less variety, but volume and variety will increase as the growing season progresses and more vegetables become available.

Your vegetables will be waiting for you at the Algoma Farmers' Market, on either Wednesday afternoon or Saturday morning, or at Pearce Farm on Thursday afternoon. You can choose your preferred pick-up date when you subscribe. Home delivery is also available.

To reduce the amount of plastic we use, each week your vegetables will be packed in a reusable bag. You will need to return this bag each week so we can pack it with more vegetables!

## HOW MUCH DOES IT COST?

One CSA half share costs \$240 and a full share costs \$480. Home delivery is also available, and costs an additional \$80.

A half share will feed a family of two, and a large share will feed a family of four. You may need several shares if your family really likes vegetables (as we do!).

## PEARCE FARM CSA SUBSCRIPTION FORM

Family name: \_\_\_\_\_

Address: \_\_\_\_\_  
\_\_\_\_\_

Phone number: \_\_\_\_\_

Email address: \_\_\_\_\_

Number of people in family: \_\_\_\_\_

We would like: (Please write how many)

Half share  @ \$240 = \_\_\_\_\_

Full share  @ \$480 = \_\_\_\_\_

Delivery  @ \$80 = \_\_\_\_\_
